The City of Martensdale received a 2-miles radius plat of survey from Vance and Hochstetler, Winterset, IA for Bussanamess property. The city clerk contacted Vance and Hochstetler and the Bussanamas residence is being sold. There is no new construction being done. The city clerk had contacted the city council by phone in July and they approved the permit after the clerk found out what was being done. S. Henson made a motion to approve the Bussanamas 2 mile radius; seconded by J. Carroll. Mayor Pro Tem Wheeldon declared the motion was carried unanimously.

The city clerk contacted the DNR and received better maps regarding the flood plain area. The DNR will contact the City when they have scheduled a public hearing for our City.

Robert Seymour had some prices to spray the City for mosquitos. The price was very high. The city clerk had contacted the insurance company regarding liability for the City and they stated that most small towns do not spray any longer for mosquito's and the only liability the insurance would pay for is any farm crops that would be damaged. The city council decided to have the city clerk send Mark Mills a letter stating the City has not sprayed for mosquitos for years, but if Mr. Mills would like to spray his own area that would be fine.

The meeting was adjourned on a motion by R. Baker; seconded by J. Carroll. Question was called for and Mayor Pro Tem Wheeldon declared the motion was carried unanimously.
